

A complete range of dispensing consumables

Our consumables

In addition to its dispensers, **POLY DISPENSING SYSTEMS™** offers a wide range of dispensing consumables adapted to your equipment.

You will find many references of syringes, **needles, pistons tips and end caps, cartridges, adapters, nozzles, spatulas and mixers certified without silicone and customizable on request.**

All **POLY DISPENSING SYSTEMS™** consumables benefit from an extremely precise design, with high manufacturing standards and products only moulded in quality materials.
